Although the software is new, the features are the same as in the previous version, and you can easily transition from the previous version of Photoshop. The biggest difference between the two programs is that Adobe Photoshop Elements 2.0 has fewer features than Adobe Photoshop CS2, and the interface is much more simplified, leaving more room for the actual picture manipulation. In this book, we focus on using Adobe Photoshop Elements 2.0 with the following guides: \* How to Use Photoshop Elements for Beginners \* Elements Techniques For Photographers There is an additional piece to the PhotoTools Master Class (Wiley) that we also cover. \* Advanced Photoshop Elements Techniques For Photographers # Appendix A: Photoshop Tutorials \*\*Chapter 1:\*\* How to Choose an Appropriate Style \*\*Chapter 2:\*\* Photo Retouching Fundamentals \*\*Chapter 3:\*\* Safely Alter a Photo \*\*Chapter 4:\*\* Create Unique Crop Effects \*\*Chapter 5:\*\* Manipulate and Enhance a Photo \*\*Chapter 6:\*\* Safely Alter a Photo \*\*Chapter 7:\*\* Create Unique Crop Effects \*\*Chapter 8:\*\* Manipulate and Enhance a Photo \*\*Chapter 9:\*\* Safely Alter a Photo \*\*Chapter 10:\*\* Create Unique Crop Effects \*\*Chapter 11:\*\* Manipulate and Enhance a Photo \*\*Chapter 12:\*\* Safely Alter a Photo \*\*Chapter 13:\*\* Safely Alter a Photo \*\*Chapter 14:\*\* Safely Alter a Photo \*\*Chapter 15:\*\* Safely Alter a Photo

Napkin Bandit The Napkin Bandit, also known as the Montgomery County Jumper, was a bank robbery suspect whose crimes were described by the Montgomery County Police Department as being "unusual" due to his carrying out the heists while in the process of being jettisoned from a moving automobile. In each case, the suspect entered a bank accompanied by a decoy or patsy who was later shot or otherwise apprehended, and then performed a holdup while seated at a table. All four robberies occurred in the early morning hours of May 4, 1978. After his arrest in connection with the Marion/Harrisonburg bank robbery in Harrisonburg, Virginia, the suspect was linked to a string of robberies occurring in Montgomery County, Maryland. The robbery of a bank in Gaithersburg matched the same modus operandi as the other three robberies, and two of the victims identified the Napkin Bandit. Conviction On May 7, 1978, Napkin Bandit was convicted of bank robbery in all four cases, and sentenced to life in prison. The following day, the bandit's eighth robbery of a bank or restaurant was committed in Columbia, Maryland. The same modus operandi was used, and the robber, riding in a stolen 1977 Plymouth Sundance hatchback, was later arrested when a \$1,000 reward was announced for his capture, though initially none was posted.
