Let's do it. I'm not gonna lie, I was very skeptical when I first heard of the thing, but it has received a lot of favourable attention and I was intrigued enough to want to give it a shot. As soon as I had downloaded the file I ran it and put on the headphones. I have to admit, I found it completely gorgeous. I usually don't care for such wholesome things, but I find it quite soothing. The

opening track took me right back to my childhood, all those childhood memories came flooding back. I felt like I was 5 years old again, running around with my friends and playing the games on my Nintendo system. This track kept switching between scenes of childhood, then spun into a spoken word piece about current events.

It was just an incredibly well put together piece and it was masterfully done. I find this whole thing to be incredibly promising. I think that this 'social engagement' game (some might say Massively Multiplayer Online Game?) could be a great thing, and if it does actually work out as intended I can see myself coming back and playing through again and again. On the other hand, it's also easy to see why there's
